

STATEMENT OF COUNCIL PROCEEDINGS  
JANUARY 13TH, 2026

The Ogden City Council met in Special Joint Session with the Ogden Municipal Utilities Board on Tuesday, January 13th, 2026, at 10:11 a.m. Mayor Margaret Liston presided. Members present were Councilman Aaron Crane, Councilman David Ohlson, Councilman Brian Reimers and Councilwoman Lori Anderson. OMU board members present were Cy Hornberg and Donna Christensen and Superintendent Brandon Craughton. City staff present were City Administrator Emily Clausen.

City Councilmembers and OMU board members discussed things going on in their entities. OMU has installed a new generator and is working on future planning and upgrading aging infrastructure. The water tower needs repainted. Individual generators were discussed and what requirements are needed with electrical and gas companies.

The city spoke of possible new housing locations and infrastructure in those areas. The city has had some engineering studies done and OMU has done some distribution studies in these areas as well. We will wait on the potential developer to see if they proceed. The new homes being built by Tim Slchlenker and Keystone are nice additions to Ogden.

There was discussion on the city signage at each end of town and getting them all lit.

The boards have decided to meet twice a year just to keep up to date on things happening in our community.

Motion by Anderson, second by Ohlson to adjourn at 11:00 a.m.

Ayes: All Present, Motion Carried.

Attest: Allison Frazier  
Allison Frazier, City Clerk
